CLASSIC INSIDER

See what our customer says about us.

"Excellent service - Kenneth is as passionate as he is knowledgeable about the classic car market in Hong Kong - a true professional. I can't imagine how my selling experience could have been any better."

Oliver Temple

"Kenneth is the most professional car dealer I have ever come across. He knows the market well and possesses a deep knowledge of the classic car market. He researched a lot on the provenance of each car to ensure that the history of each car is well and truly represented. He knows the players well, both on the sell and buy side, which helps a lot in facilitating a sale and purchase. I have personally sold three classic cars through Kenneth and all to happy and loving new owners. Classic cars owners like us always want our pre loved car to go to a new loving owner. All of us have tremendous trust of Kenneth irrespective of the size of the transaction. I wholeheartedly recommend anyone contemplating selling their cars to seek Kenneth's help."

Johnny Chan

“Truly a professional place , with a personal touch. Very knowledgeable in the business , with a great network built often on personal relationships and trust. High standard of cars. Unique cars that often don't even come on the market. Kenneth Wong is a passionate, caring , professional, who has been in the business a long time. He is outstanding at looking after the customer , and making the whole experience (pre purchase/sale of a car, and post purchase/sale) a real positive experience.”
